AcademiaEdge is a nonprofit founded by students who strive to make Computer Science more accessible. Through AcademiaEdge we hope to provide an **alternative** to expensive programming classes by offering completely free, accessible, and **high-quality** coding courses taught by **experienced and qualified** course instructors!

The logo for AcademiaEdge is located in the bottom left corner. The word "Academia" is in a light blue color and "Edge" is in a light green color. Both words are in a bold, sans-serif font. The logo is partially overlaid by a large, dark blue, semi-circular shape. To the right of the logo, there are several dark blue circles of various sizes, some of which are partially cut off by the right edge of the image.

Course Information

- All courses free of charge
- 10-15 classes per course •
- 1-hour classes
- 1 class a week
- Lesson over Zoom
- Assignments and Projects on Google Classroom

Where will the courses take place?

Courses will be instructed by qualified instructors on Zoom. These classes are exclusively made by AcademiaEdge and promote project-based, hands-on learning

Sign Up

1. On <https://academiaedge.com>, select the course you want to enroll in.

2. You will be redirected to a Google Form, complete the form.

3. You are now registered for an AcademiaEdge course! You should receive a confirmation email within seconds!

“

Computer Science is a liberal art: it's something that everybody should be exposed to and everyone should have a mastery of to some extent.
